

The following table shows the major results of our activities in fiscal 2016 as well as newly disclosed information.

Seven Promises	Major Results of Activities in Fiscal 2016 and Newly Disclosed Information	Report Page	Fiscal 2017 Activity Goals
Creating New Value	<p>Activity We focused on ease of use from the perspective of users and also introduced a new design and functions, such as an ultra-slim, fully flat design and Work-and-Flow for greater efficiency in image reading and for saving work space.</p>	P.9-10	We will continue striving to provide products and services that contribute to addressing social issues, by creating and presenting new value through our pursuit of unique ideas and technologies.
Environmental Consideration for Our Products and Business Operations	<p>Activity We attained Environmental Targets for all items except "reduced fuel consumption."</p>	P.15	We will continue creating products and promoting business activities with the aim of reducing environmental impact in accordance with our environmental targets for fiscal 2017.
	<p>Disclosure We began disclosing Scope 3 data.</p>	P.18	
Operating as an International Corporation	<p>Activity We expanded sales activities to emerging countries where growth of particular markets is expected and assigned local sales personnel to Saudi Arabia, the United Arab Emirates and India to enhance our approach to customers.</p>	P.19	We will implement education and other activities for employees in and outside of Japan to broaden their perspectives and global mindset as members of an international corporation.
Open and Fair Trade	<p>Activity We obtained an agreement on the EIZO Supplier Code of Conduct in the form of the Supplier Declaration from all business partners involved in procurement.</p>	P.21	We will continue to conduct open and fair trade as a matter of course while seeking to establish relationships of trust based on mutual prosperity with our suppliers.
Strong Bond of Trust with Stakeholders	<p>Activity We conducted a customer survey to measure satisfaction levels with our sales and support staff.</p>	P.23	We will strive to forge even stronger bonds with our stakeholders through ongoing dialogue.
	<p>Disclosure We continued to introduce initiatives that contribute to local communities, not only at the head office in Japan but also at overseas Group companies.</p>	P.24	
Strict Respect and Compliance with both the Letter and Spirit of the Law	<p>Disclosure We organized and published the content of a discussion among outside directors on our corporate governance.</p>	P.27- P.28	We will maintain our efforts to raise awareness of compliance among employees.
Broadminded Corporate Culture	<p>Disclosure We expanded disclosure of quantitative information, including the status of employment and initiatives for promoting women's careers. Also, we worked to improve the description of our program for having children visit the workplace as well as educational programs for young employees.</p>	P.29- P.31	We will seek to balance employee happiness and corporate growth by improving operational efficiency and productivity so that employees can work with a sense of satisfaction, achievement and well-being.
