

EIZO Included in the SOMPO Sustainability Index for the Fifth Consecutive Year

Hakusan, Japan, June 10, 2025 – EIZO Corporation (TSE: 6737) announced that the company has been included in the SOMPO Sustainability Index for the fifth consecutive year.

The SOMPO Sustainability Index, which is independently established by Sompo Asset Management Co.,Ltd., is comprised of approximately 300 companies that excel in ESG (Environmental, Social and Governance) and is utilized in SOMPO Sustainable Management, a management product oriented toward long-term investment. The investment product is designed to contribute to the asset building of long-term investors through the evaluation of corporate value from a long-term perspective, and has been adopted by several pension funds and institutional investors.

EIZO's philosophy is: "Through the pursuit of imaging solutions with advanced technologies, we enrich people in their professional and personal lives." In accordance with its principles, EIZO conducts business with a focus on addressing environmentally sound product development, climate change and natural capital initiatives, respect for human rights and diversity in the work environment, open and fair governance, responsible sourcing, and ESG disclosure. It is these efforts which lead to the evaluation of EIZO's ESG practices and the company added to the index. EIZO will further accelerate these activities to pursue sustainable growth and enhance corporate value.
