Notice Concerning the Introduction of a Restricted Stock Incentive Plan for the EIZO Employee Shareholding Association

EIZO Corporation (TSE: 6737) hereby announces that, at a meeting held on October 30, 2026, its Board of Directors resolved to introduce a 'Restricted Stock Incentive Plan' (the "Plan") for the EIZO Employee Shareholding Association (the "Association"), under which restricted stock will be granted to employees of the Company's group companies in Japan through the Association, as described below.

1. Purpose of introducing the Plan

The Plan is intended to support the asset building of employees by providing them with opportunities to acquire restricted stock issued or disposed of by the Company through the Association. It is also intended to raise employees' awareness of the Company's business performance and share price, foster a sense of ownership, and further promote value sharing with shareholders.

2. Overview of the Plan

Employees, who are members of the Association (the "Eligible Employees") will, subject to their consent to participate in the Plan, receive monetary claims from the Company or a Company group company as a special incentive for the grant of restricted stock (the "Special Incentive"). The Eligible Employees will contribute the Special Incentive to the Association, which will, in turn, contribute the Special Incentive received from the Eligible Employees to the Company as an in-kind contribution. Through this process, the Eligible Employees will receive, through the Association, newly issued or treasury shares of the Company's common stock as restricted stock.

Under the Plan, the Company intends to introduce the "Restricted Stock Incentive Plan for Employee Shareholding Associations (Shareholding Association RS)". The Company will promptly announce the specific details of the Plan and its introduction schedule once they have been finalized.
