

## EIZO IP Solution License Guide

A comparison of standard features and required licenses for EIZO IP decoding solutions. Standard features are included by default, with no additional license required. For details, please visit the respective product page.

Standard Features and Required Licenses				
	DX0231-IP	FDF2731W-IP	DX0212-IP	FDF2712W-IP
System Software Version	Ver. 7.x		Ver. 6.x	
IEEE 802.1X	Standard		Enterprise License	
Portrait Mode	Standard		Enterprise License	
Live Streaming	Standard		Enterprise License	
Streaming Gateway <sup>1</sup> (Transmitting)	-		Enterprise License	-
Streaming Gateway <sup>1</sup> (Receiving)	Standard		Standard	
VMS Integration <sup>2</sup>	VMS License (HEXAGON, Milestone, Siemens)		Enterprise License (HEXAGON, Milestone, Siemens)	
Icon Arranger	LiveView License		Enterprise License	
SRTP Protocol	-		Enterprise License	
LDAP Protocol	-		Enterprise License	
SRT	Decoding License		Enterprise License + Extended License	
Playback	-		Enterprise License + Extended License	
Failover	-		Enterprise License + Extended License	
HDMI Signal Output	Standard	-	Standard	
Audio Output from Cameras <sup>3</sup>	Standard		-	
Ultrawide Resolution Output <sup>4</sup>	Standard	-	-	

<sup>1</sup> Streaming Gateway requires a DX0212-IP for transmitting and a second IP decoding box or IP decoding monitor for receiving. For details, visit <https://www.eizoglobal.com/products/duravision/enterprise-license/>

<sup>2</sup> Some VMS require a plugin. To see a full list of supported VMS, visit <https://www.eizoglobal.com/library/security/vms-integration/>

<sup>3</sup> DX0231-IP requires a monitor with built-in speakers or a connected speaker. See product pages for supported codecs and protocols.

<sup>4</sup> Supports 3840 x 1600 and 3440 x 1440 resolutions.
