

Adjustable Mounting Arms Increase Positioning Possibilities of EIZO LCD Monitors and Contribute to More Ergonomic Workspace

Matto, Japan, April 30, 2004 – Eizo Nanao Corporation (“EIZO”) today introduced three new mounting arms for its LCD monitors. Combining a sturdy, flexible construction with a sleek look, these mounting arms expand positioning options and range of movement of EIZO LCD monitors. These new accessories include one flexible arm (LA-131-D) and two wall mount arms (LA-030-W and LA-011-W).

LA-131-D (LCD Monitor Flexible Arm)

- Position the screen to the desired angle and orientation with 40° monitor tilt, 180° monitor swivel, 90° monitor pivot, 105° arm tilt, and 360° (middle axis) and 300° (rear axis) side-to-side rotation.
- Regain work space by moving the monitor off to the side or against the wall.
- Cable housing prevents dangling monitor cables.
- Aluminum die cast frame provides robust construction and a streamlined design.
- Easy attachment of clamp to the back of the desk.
- Holds EIZO LCD monitors 18.1" and above.
- Available in gray and black.

LA-030-W (LCD Monitor Wall Mount Arm)

- Position the screen to the desired angle and orientation with 35° monitor tilt, 180° monitor swivel, 90° monitor pivot, 360° (middle axis) and 180° (rear axis) side-to-side rotation.
- Regain work space by moving the monitor off to the side or against the wall.
- Aluminum die cast frame provides robust construction and a streamlined design.
- Cable housing prevents dangling monitor cables.
- Includes wall plate for stable attachment.
- Holds EIZO LCD monitors 17" and above (except the FlexScan L550).
- Available in gray and black.

LA-011-W (LCD Monitor Wall Mount Arm)

- Position the screen to the desired angle and orientation with tilt, swivel, and pivot functions.
- Holds EIZO LCD monitors 20.1" and above¹.
- Includes wall plate for stable attachment.
- Available in black only.

Availability

All three mounting arms will go on sale worldwide in early June.
