

IP Solution License Guide (Ver. 6.x)

Applicable Products: DuraVision DX0212-IP, FDF2712W-IP, FDF2312W-IP (Ver. 6.x)

• Contact EIZO regarding older models: DX0211-IP, FDF2711W-IP

Below is a list of features that require either an Enterprise License (ELIP-01) or an Extension License (ELIP-02-XXX)¹. Standard features are included by default, with no additional license required.

Software Version	Features	DX0212-IP, FDF2712W-IP	FDF2312W-IP
6.0	Display up to 32 screens simultaneously	Standard	Enterprise License
	Register up to 48 cameras	Standard	Enterprise License
	Live image menu customization	Enterprise License	
	Screen rotation (portrait mode)	Enterprise License	
	Remote monitor live stream display	Enterprise License	
	Play back recorded video	Enterprise License + Extension License (ELIP-02-PLB)	
	VMS failover	Enterprise License + Extension License (ELIP-02-FLV)	
	SRT protocol support	Enterprise License + Extension License (ELIP-02-SRT)	
	LDAP support	Enterprise License	
	AXIS SRTP support	Enterprise License	
	IEEE 802.1X	Enterprise License	
	Milestone XProtect® VMS integration	Enterprise License	
6.1	Qognify VMS integration	Enterprise License + Extension License (ELIP-02-QOG)	
	Streaming Gateway	Enterprise License ²	—
6.2	RTP support for Streaming Gateway	Enterprise License ²	—

¹ Enterprise License (ELIP-01) is required to access features supported by Extension License ELIP-02-XXX.

² Streaming Gateway requires a DX0212-IP for transmitting and a second IP decoding box or monitor for receiving. Other IP decoding products (system software Ver. 6.x / Ver. 7.x) support receiving only.
