

Maker	Camera	Firmware	Compatibility	Restriction/Explanation
ACTi (i-PRO)	V2224 (Analog encoder)	A1D-600-H1.07.00-NB	Yes with restriction	Disable "RTP B2 Frame" setting on the encoder Web UI. The RTP over RTSP operation is not available. The "EIZO Profile" is not available. Camera function settings on the GUI of our products are not supported. Https is not available.
Canon	VB-H47	1.0.9	Yes with restriction	Preset function is not available. Multicast stream is not available. Camera function settings on the GUI of our products are not supported.
Canon	VB-M46	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
Canon	VB-S32D	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
Canon	VB-S32VE	1.0.7	Yes with restriction	Preset function is not available. Camera function settings on the GUI of our products are not supported.
Canon	VB-S820D	1.0.9	No	There is a compatibility problem. The camera cannot be used in combination with this decoder.
Canon	VB-S920F	–	No	There is a compatibility problem. The camera cannot be used in combination with this decoder.
Carina	NVT-DVI	2.3.0.2	Yes with restriction	1fps is not available. Multicast stream is not available. "ONVIF" protocol is not available, register the camera with "DirectUri" protocol.
JVC	VN-H158WPR	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
JVC	VN-H258R	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
JVC	VN-H258VPR	1.10.006	Yes with restriction	Https is not available. Camera function settings on the GUI of our products are not supported. When using the multicast stream, the "EIZO Profile" is not available. Brightness operation is not available. Auto focus operation is not available. Zoom operation is not available.
JVC	VN-H58	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
JVC	VN-H658	1.01.004	Yes with restriction	The "EIZO Profile" is not available. Https is not available. Preset function is not available. Brightness operation is not available. Manual focus operation is not available. Auto focus operation is not available. Multicast stream is not available.
JVC	VN-H658WP	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
JVC	VN-H678WPC	–	No	There is a compatibility problem. The camera cannot be used in combination with this decoder.
JVC	VN-H678WPR	1.05.003	No	There is a compatibility problem. The camera cannot be used in combination with this decoder.
JVC	VN-H678WPRS	–	No	There is a compatibility problem. The camera cannot be used in combination with this decoder.
MITSUBISHI	NC-9000	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.

Maker	Camera	Firmware	Compatibility	Restriction/Explanation
MITSUBISHI	NC-9020	0109t	Yes with restriction	Camera function settings on the GUI of our products are not supported. Focus operation is not available. Zoom operation is not available.
MITSUBISHI	NC-9500	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
MITSUBISHI	NC-9520	1.00	Yes with restriction	The camera cannot be automatically detected. Register the camera manually. Preset function is not available. Multicast stream is not available.
MITSUBISHI	NC-9600	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
MITSUBISHI	NC-9620	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
MITSUBISHI	NC-9700	1.01	Yes with restriction	The camera cannot be automatically detected. Register the camera manually. Multicast stream is not available. The "EIZO Profile" is not available. PTZ operation is not available. Preset function is not available. Focus operation is not available.
MITSUBISHI	NC-9820	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
MITSUBISHI	NC-A100	2.2b	Yes with restriction	The camera cannot be automatically detected. Register the camera manually. When using the multicast stream, the audio function is not available.
TOA	N-C3300F2	1.1.2.31	Yes with restriction	Camera function settings on the GUI of our products are not supported. Brightness operation is not available. Zoom operation is not available.
TOA	N-C5120-3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5130	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5130-3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5150	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5150-3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5220-3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5230R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5250R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5420-3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5430R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5432R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5442R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5450R3	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
TOA	N-C5500A	1.9.2.4	Yes with restriction	When you change the camera's imaging mode while using EIZO_Profile, re-register the camera. Camera function settings on the GUI of our products are not supported. When using the home position of the preset function, please register the home position on the UI of our product. H.265 is not available.
TOA	N-C5700A	–	Yes (Video display)	Only video display is confirmed. If PTZ or other functions are required, please confirm with the actual devices beforehand.
